- Launches more than 7.5 lakh sq. ft. capacity in Hyderabad and Chennai
- Additional 10 lakh sq. ft. pop-up warehousing space created ahead of the festive season demand
- Steps up its value-added solutions on e-commerce, consumer and engineering verticals

Mumbai, November 5, 2020: Known for its operational excellence in warehouse management, distribution and transportation, Mahindra Logistics Ltd. (MLL), one of India's largest third-party logistics (3PL) solution providers, added more than 7.5 lakh sq. ft area to its existing 'Built-To-Suit' warehousing capacity in Hyderabad and Chennai. The facilities are developed to sustainable standards and allow MLL to provide flexible and scalable fulfilment and integrated distribution solutions.

Phase 1 of these sites is focussing on integrated solutions for e-commerce, consumer and engineering industries. In addition to this, with the anticipation of strong demand during the forthcoming festive season, MLL has set up nearly 10 lakh sq. ft. of flex warehousing solutions for supporting customers in anticipation of the upcoming festive season.

A considerable size of this space is also catering to large pharma companies during the pandemic. MLL is already gearing itself with a massive last-mile delivery roadmap to cater to the highly anticipated Covid vaccine for its pharma clients across India.

Rampraveen Swaminathan, Managing Director and CEO, Mahindra Logistics Limited, said: "Continuing our efforts in growing the non- Mahindra business, MLL continues to expand its warehousing capacity and is focused on tapping the huge potential in warehousing spaces across all regions. With the launch of these large spaces, we look forward to continued business growth from existing as well as potential customers from all regions. We have also deepened our focus by launching new solutions like returns processing, pop-up sort centres and integrated distribution services for our clients." Mahindra Logistics has been steadfast in its efforts to be more inclusive. The company has actively employed differently-abled persons and employees from the LGBTQ+ community, at its warehouses across the country. Similarly, MLL is bridging the gender diversity gap by hiring more women from various backgrounds and experience.

About Mahindra Logistics

Mahindra Logistics Limited (MLL) is an integrated third-party logistics (3PL) service provider, specialising in supply chain management and enterprise mobility (people transport solutions). Founded more than a decade ago, MLL serves over 400+ corporate customers across various industries like Automobile, Engineering, Consumer Goods and E-commerce. The Company pursues an "asset-light" business model, providing customised and technology enabled solutions that span across the supply chain and people transport operations. MLL is part of the newly created Mobility Services Sector of the Mahindra Group.

About Mahindra Mobility Services Sector

Mahindra's new Mobility Services Sector (MSS) includes a range of businesses that provide innovative, technology-driven solutions for the efficient movement of people and goods across India. In addition, MSS is the incubation platform and growth driver for future investments by the Mahindra Group in technology-driven mobility companies, with the vision of co-creating the Future of Mobility.

The Sector includes Mahindra Logistics, one of India's largest 3PL solutions providers specialising in supply chain management and enterprise mobility, as well as India's leading pre-owned, organised car business consisting of Mahindra First Choice Wheels, CarandBike and Mahindra First Choice Services, one of India's largest chain of multibrand car workshops.

MSS is also pioneering a range of mobility solutions with its other businesses including Meru, a well-recognised pioneer brand in shared mobility, Porter, the online goods transport marketplace, Zoomcar, India's leading self-drive car rental company and Glyd, a unique all-electric corporate mobility platform.
