Mumbai, January 1, 2022: Mahindra & Mahindra Ltd.'s Farm Equipment Sector (FES), part of the Mahindra Group, announced its tractor sales numbers for December 2021.

Domestic sales in December 2021 were at **16,687** units, as against **21,173** units during December 2020.

Total tractor sales (Domestic + Exports) during December 2021 were at **18,269** units, as against **22,417** units for the same period last year.

Exports for the month stood at **1,582** units.

Commenting on the performance, **Hemant Sikka, President - Farm Equipment Sector, Mahindra & Mahindra Ltd.**, said, "We have sold 16,687 tractors in the domestic market during December 2021. De-growth in December has been based on a combination of factors, including high base of last year and both delayed and very heavy rainfall in some geographies. We expect momentum to recover in the coming months on account of the good progress of Kharif procurement bringing liquidity in the hands of farmers and Rabi acreage showing signs of growth over last year. In the exports market, we have sold 1,582 tractors, a growth of 27% over last year."
