Swaraj 8200 provides maximum harvesting acreage in a year with best-in-class grain quality and maximum profit, while bringing unmatched benefits for its owners and operators

Mohali, August 09, 2023: Swaraj Tractors, a rapidly growing tractor brand in the country and a part of the Mahindra Group, today launched – '**Swaraj 8200 Wheel Harvester**', featuring best-in-class fuel economy and industry-first technologically advanced features.

This latest offering from Swaraj carries forward the brand's legacy of Power and Reliability, promising superior harvesting capabilities while ensuring minimal grain loss and higher grain quality and providing remarkable acreage per hour.

One of the industry-first features of 'Swaraj 8200' is its intelligent system, offering real-time information to machine owners, including live location tracking, business parameters tracking such as acres harvested, road kilometers traveled and fuel consumption. This information facilitates better decision-making and operational efficiency.

In addition to vehicle service and health alerts, AdBlue level indicators and engine alerts enable real-time monitoring for equipment owners, farmers and rental entrepreneurs, maximizing the machine's use and profitability. This also enables proactive maintenance while minimizing downtime.

Manufactured in the company's own state-of-the-art facility spread over 23 acres, Swaraj 8200 Wheel harvester is also fitted with a highly fuel- efficient, in-house TREM-IV complaint engine.

Its ergonomic design ensures better driving comfort, minimises fatigue during long hours of operation. Furthermore, operators receive personalized support through a dedicated relationship manager and app-based video calling, ensuring prompt and convenient doorstep service.

Hemant Sikka, President Farm Equipment Sector-M&M Ltd, stated, "Introducing the 'Swaraj 8200 Wheel Harvester' marks a significant step towards our strategic focus on Farm Machinery & poised to propel exponential growth within this sector. The debut of this intelligent machinery stands as a testament to our unwavering dedication to modernizing agriculture and enabling farmers with latest technology."

Harish Chavan, CEO – Swaraj Division, M&M Ltd, said, "Swaraj is committed to empowering farmers with superior mechanized solutions to achieve maximum yields and profits in line with our Farm Equipment Sector's purpose of Transform farming and Enrich Lives. Swaraj 8200 Wheel Harvester is a testament to our dedication to customer centricity, nurturing modern farming practices and sustainable agriculture."

The 'Swaraj 8200' Wheel Harvester will be available through Swaraj's extensive dealer network across the nation. Swaraj boasts a robust pan-India harvester dealer network with dedicated sales and service teams, along with strategically located hubs and service vans.
